

Crafting Robotics

Instructor: Kristi Brummal

Grade: 6th – 12th

Full Year Course

Fees: \$30 monthly tuition fee plus \$20 material fee per semester

Text: None

Course Description:

Like to build things? Do you enjoy tinkering? Then join us for a fun filled year of simple projects using common household items and small motors to create fun and interesting builds. We will explore simple machines, gravity based machines as well as battery operated and motorized builds. This is NOT an advanced robotics program.
