Materials: 1 (in good working condition) portable sewing machine with 1-2 manufacturer recommended bobbins. Most machines come with some. We will have a few extras on hand but can't guarantee we have some to fit all machines. Basic notions (scissors, pins, snips, iron, etc.) will be provided during in class projects. Fabric and thread for projects will be provided with the monthly kit fee. We will have multiple options for kits that students can choose from for each project. If you do not have a sewing machine, please contact Brenda to discuss options.

Course Description: Beginning sewing course for upper elementary students. Students will learn basic sewing machine operations and beginning machine stitches to use for monthly projects. Other skills needed (ironing, cutting, pinning, etc.) will be covered throughout the course.
