Instructor Background: Hi! My name is Alison Ranck and I am 20 yrs old. I am a homeschooled graduate with 7 years of experience as a part of the Central Oklahoma Homeschool Choirs (COHC) and I love to sing. I am also excited to be going into my second year of teaching piano lessons at ECHO. I have been taking piano lessons for 4 years and I am at an intermediate level in my piano playing. I also have Mosaic Down Syndrome, which means that I am affected by a small percentage of Trisomy 21 in my genetic makeup. This can make communication hard at times, but in this class I will be teaming up with my mom to teach. I love singing and playing the piano and enjoy making music, and I hope to inspire that in my students.
