

Chemistry/Physics for Kids

Instructor: Robbie Wilson

Grade: 4th – 6th

Fees: \$30 monthly tuition fee plus \$25 one-time lab/copy fee

Text: Apologia Exploring Creation w/Chemistry and Physics; ISBN: 1935495984

Course Description:

-In this course, we will discuss how the universe functions by exploring matter and energy. Lessons will cover topics such as atoms and molecules, pH levels, types of mixtures, mechanics, laws of motion, dynamics of motion, energy, waves, light, machines, magnets, etc.

-This course will require a notebook or spiral for taking notes. Lab reports will be due the week after the lab experiments are performed. Students are expected to do independent work outside of class to stay up to speed. Study guides and handouts will be provided to detail specific topics for students to focus on to adequately prepare for class exams.
