Course Description:

If you have a high interest in writing, or wish to “tweak” skills to make academic writing more successful, or you simply have fun writing, this class might just be for you!

The student will use the steps in the writing process to organize and develop ideas in essay perspectives, academic perspectives, creative writings, journal writing and real world presentation style. THE FOCUS OF THE CLASS WILL BE DECIDED BY THE DESIRE AND NEED OF THE STUDENTS.

Class discussions related to writing styles, staying focused, relaxing as opposed to “overkill” and enjoying the journey of developing ideas with credible support are key elements with which we begin.

Student writing may come from other classes in which a student is enrolled.

If they wish, students may make selections from a suggested reading list as the year progresses. The instructor will manage discussion/writing tasks.
